

QASHQAI

Taking QASHQAI to the next level

With the launch of the first generation Nissan QASHQAI in 2006, Nissan pioneered the now incredibly popular C-SUV segment globally. Nissan Australia introduced the first generation QASHQAI, badged Dualis, in 2007 and the vehicle quickly became a best-seller in the Nissan range.

The latest generation of the Nissan QASHQAI brings a bolder design, interior comfort and enhanced connectivity and safety equipment, aimed at elevating your everyday drive.

**DRIVEN BY ELECTRIC. FUELLED BY PETROL.
NEVER NEED TO PLUG IN.**

The QASHQAI Ti is also available with e-POWER* - a technology that goes beyond traditional hybrid powertrains. It offers a smooth, responsive and quiet EV-like driving experience without the need plug-in to recharge.

*e-POWER is available on Ti only.

Images and descriptions shown are for guidance purposes. In some instances photos are of non-local specification vehicles and do not represent a specific model or grade. The features shown may not be available or may not be available as standard or only as option. QASHQAI Ti with optional two-tone roof shown throughout.

Brochure updated April 2024.

A Bold Form of Expression

QASHQAI brings a bold vision to crossover design with muscular proportions, a vibrant palette including a variety of two-tone colour options*, brilliant LED lighting, low-profile aluminium roof rails† and imposing 19" alloy wheels‡.

Enjoy an exciting and unplugged EV-like driving experience with New QASHQAI e-POWER*

With e-POWER*, pioneering doesn't have to pause. e-POWER* is an innovative powertrain system which includes two electric motors, a petrol engine and a lithium-ion battery to achieve an EV-like driving experience. The result is almost instant acceleration response and a quiet driving sensation without the need to plug in or recharge. Just exhilarating and stress-free driving with no compromise on fuel economy.

SIMPLIFIED ELECTRIC DRIVE WITH e-PEDAL STEP*
 Experience a more intuitive way to drive. The e-Pedal Step[^] gives you the option to accelerate and decelerate effectively with just the accelerator pedal at speeds above 10km/h, leaving the brake pedal for harder braking or coming to a complete stop.

* e-POWER is available on Ti only.
[^] The e-Pedal Step is a driver's aid only and should not be used as a substitute for safe driving practices. Always monitor your surroundings when driving. It may not be suitable under all driving conditions, correct operation is the responsibility of the driver. Available on e-POWER only.

Refined design and seductive functionality

Everything about the interior of the Nissan QASHQAI feels advanced and premium. From its steering wheel to its centre console, everything has been ergonomically designed for total driving comfort. Enhanced screen visibility and seamless tech integration helps you stay alert and focused on any drive.

Appreciate the clarity of the 10.8" Head-up display*, 12.3" TFT Advanced Drive-Assist® Display instrument cluster* and 12.3" infotainment display^.

The three large screens work together in perfect harmony for a safer, clearer, more optimised driving experience.

Room for everyone. And more

Nissan QASHQAI combines a spacious interior and generous boot space with a compact, city-friendly exterior for easy manoeuvrability. Passengers sit in comfort thanks to the QASHQAI's roomy interior and easy rear seat access - both for passengers and child seat fitment, with an 85° rear door opening. Thoughtful small touches like two USB charging ports and rear air vents for passengers are also available, ensuring every seat is the best in the house.

Ti interior shown.

Your personal space has never felt more personal

Relax in ergonomically designed seats and feel the comfort on even the longest journeys with optimised lumbar support. Been a long day? With premium-quilted leather-accented seats in the Ti**, activate QASHQAI's massage seats*, for both driver and passenger, and feel the stress disappear. With quality finishes throughout and enhanced safety, thanks to a central airbag, not only will your everyday drive feel elevated, but you'll also have the peace-of-mind for all the family.

CENTRAL AIRBAG

*Massage Seats are only available on Ti grade.
**Leather accented features and upholstery may contain synthetic material.

Handsfree power tailgate*

UP TO 452L BOOT SPACE

Unexpected cargo capacity

Up to 1,524L of space means the QASHQAI is ready to carry everything you need. Two luggage boards* offer 16 boot configurations for maximum flexibility, whatever your cargo. Smart features like the Nissan handsfree power tailgate* and wide opening rear doors take the hassle out of packing and unpacking, so you can make the most of your precious days out.

*Available on Ti only.

Safety at its heart

Every QASHQAI is equipped with advanced safety technologies designed to watch the road, help to keep you safe and give you maximum peace of mind.

INTELLIGENT CRUISE CONTROL helps you to keep your distance. It measures the distance from the vehicle ahead, controlling acceleration and deceleration to help to maintain a suitable following distance within your set speed.

INTELLIGENT FORWARD COLLISION WARNING keeps an eye up to two vehicles in front of you. When the system detects a sudden deceleration ahead, it gives you an audible and visual warning to slow down.

INTELLIGENT REAR AUTOMATIC BRAKING helps you back up with confidence. If an object is detected behind your vehicle, the system can automatically engage the brakes to help avoid a collision.

EMERGENCY LANE KEEPING A full suite of technologies to help you avoid unintentional lane departure. Keeps you centered in the lane using either a steering wheel action* or braking in an emergency situation.

INTELLIGENT FORWARD BRAKE & JUNCTION ASSIST Monitors the surrounding area in front of the car for vehicles and pedestrians, helping to avoid or reduce damage caused by collisions with Junction Assist assisting further by monitoring what is around corners.

Shine a light on safety

The QASHQAI gives you added confidence when driving from dusk til dawn with Adaptive Driving Beam* Technology. It splits the high beam into 12 individual segments, automatically turning off segments which could dazzle oncoming drivers. Maximum visibility for you and for those around you.

*Available on ST-L and TI grades only.

ProPILOT

The QASHQAI includes ProPILOT, ensuring comfortable, relaxed driving on major roads. ProPILOT is convenient and easy to use. Simply enable the system with the touch of a button on the steering wheel. It is a hands-on driver assist system that combines Nissan's Intelligent Cruise Control and Steering Assist technologies and includes a stop and hold function that can bring the vehicle to a full stop. If you're stopped, it will hold you in place and bring you back up to speed when traffic starts moving again. This technology supports a smoother drive, helping you keep safe in your lane, whilst assisting in maintaining an ideal and safe distance from the vehicle in front, whatever the gradient.

*Available on ST-L and Ti only.

ProPILOT is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/Hands On" for highways only (road separated by Barriers). It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at all times.

Tight spot? No problem

If you hate parking, you'll love the Nissan QASHQAI. The digital high resolution Around View Monitor* gives you a 360° view of your car, with selectable focus on the front, rear and kerbside view to help you park with confidence and control. Nissan QASHQAI Ti grade is also equipped with Intelligent Park Assist[^], offering automatic parking space detection and fully automatic control of the steering, with the driver taking care of the braking and accelerator when parking. Now parking really is child's play.

Rear camera lets you see what's right behind you.

Flick the switch to side camera view to see the kerb.

All-around view gives a virtual 360° birds' eye view as you manoeuvre.

Front camera gives combined front and overhead view for perfect parking.

*Available on ST+ grade and above. Around View Monitor is a driver's aid only. It cannot completely cover blind spots and may not detect moving objects. Always check surroundings before moving vehicle.

[^] Intelligent Park Assist is a driver's aid only and should not be used as a substitute for safe driving practices. Always monitor your surroundings when driving.

Why Choose Genuine?

Safety

Your safety is our priority. That's why we put Nissan Genuine Accessories through thousands of hours of testing.

Reliability

Nissan Genuine Accessories are made for reliability and are covered by the Nissan New Vehicle Warranty when fitted at the time of vehicle purchase.*

Perfect Fit

Crafted to fit your Nissan perfectly, Nissan Genuine Accessories ensure optimum performance.

Future Proof

Nissan Genuine Accessories keep your vehicle complete and help maintain its resale value.

Style Accessory Pack

- A Front chrome finisher
- B Side chrome finisher
- C Rear chrome finisher

Protect Accessory Pack

- D Luggage entry scuff plate
- E Velour Carpet Floor Mats
- F Front & Rear Mud Guards

Adventure Accessory Pack

- G Roof Cross Bars
- H Towbar
- I Safety Pack

Accessory Pack contents may differ depending on model grade. Additional costs may apply. Recommended fit price may differ between Dealers. Please refer to your Nissan Dealer for model applicability & recommended fit price.

* Front door entry kick plates and first aid kit not pictured.

^ Roof cross bars shown on model grade with roof rails as standard. Not applicable to all models.

- Nissan Genuine Accessories are built to Nissan's exacting quality standards and are backed by the confidence of Nissan's five (5) year unlimited kilometre New Vehicle Warranty when fitted to a vehicle in a Nissan authorised workshop at the time of vehicle purchase. If purchased after delivery of the vehicle and fitted by an authorised Nissan Dealer, Nissan Genuine Accessories will be covered by Nissan's one (1) year or 20,000km warranty or balance of the New Vehicle Warranty (whichever is greater). Nissan Genuine Accessories purchased over the counter are covered from sale date by Nissan's one (1) year or 20,000km warranty (whichever occurs first). Note: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. The customer is entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. The customer is also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

A complete ownership experience to help you get the most out of your Nissan. It includes the following:

NISSAN CAPPED PRICE SERVICE

All Nissan vehicles first registered from 1 January 2018 are eligible for Nissan Capped Price Service. As part of this servicing program, we've capped the maximum price you'll pay for the first six services according to your vehicle's service schedule[#].

5 YEAR/UNLIMITED WARRANTY

Receive assurance with a 5 year/unlimited warranty[†].

5 YEARS ROADSIDE ASSISTANCE

No matter where you're planning to journey, you'll have the peace of mind of knowing that if you lock your keys in the car, have a flat tyre or battery, or run out of fuel, we'll help get you back on the road at no charge[‡].

OPTIONAL PRE-PAID MAINTENANCE PLANS

Our optional Pre-paid Maintenance Plan takes the hassle out of budgeting for scheduled service costs over time, instead offering you the convenience of a one-off payment when you purchase your new Nissan vehicle.

NISSAN GENUINE ACCESSORIES

Your Nissan Dealer can show you a variety of Nissan Genuine Accessories to protect, enhance and personalise your Nissan QASHQAI.

FINANCIAL SERVICES

Choose from a range of finance options at very competitive rates and terms, as well as various insurance solutions to protect you and your vehicle.

[#] Ask your Nissan Dealer to explain exactly what items are covered in each Scheduled Service. Applies for up to 6 years/90,000km (whichever occurs first). Some exclusions apply.

Ask your Nissan Dealer or visit nissan.com.au/service to find out more and for full terms and conditions.

[†] Conditions apply. See nissan.com.au/warranty for more details. NOTE: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

[‡] Terms and conditions apply, please visit nissan.com.au/roadsideassistance

Not available

Standard

With two-tone roof option

^{**} GVM = Gross Vehicle Mass. GVM is the maximum laden mass of a motor vehicle.

[~] Kerb weight = unladen mass of vehicle with full fuel.

[‡] Indicates a premium paint, which is available at extra cost.

^µ Indicates Two-tone paint, which is available at extra cost

[∞] Figures tested in accordance with ADR81/02 (combined test), for the purposes of comparison amongst vehicles only. Actual fuel consumption and CO2 emissions depends on factors such as traffic conditions, vehicle condition, how you drive and any accessories fitted

[†] Leather accented features and upholstery may contain synthetic material.

^Δ ProPILOT cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands

on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information.

[○] The Bluetooth® word marks are registered trade marks owned by Bluetooth SIG, Inc. Availability of specific features is dependent upon the phone's Bluetooth® support. Refer to your phone owner's manual for details.

[^] CarPlay is a registered trademark of Apple Inc. Android Auto is a trademark of Google LLC. Compatible device required. Wired connections require a USB connection.

^Ω Bose and Acoustimass® are registered trade marks of Bose Corporation

[€] Towing capacity is subject to towbar/towball capacity and is based on the fitment of a Genuine Nissan towbar. Towing capacity figure described is a maximum figure. Actual towing capacity depends on the laden mass of the vehicle, driving conditions, fitment of any accessories or towing equipment limitations including the maximum towball download.

[#] Compatible device required.

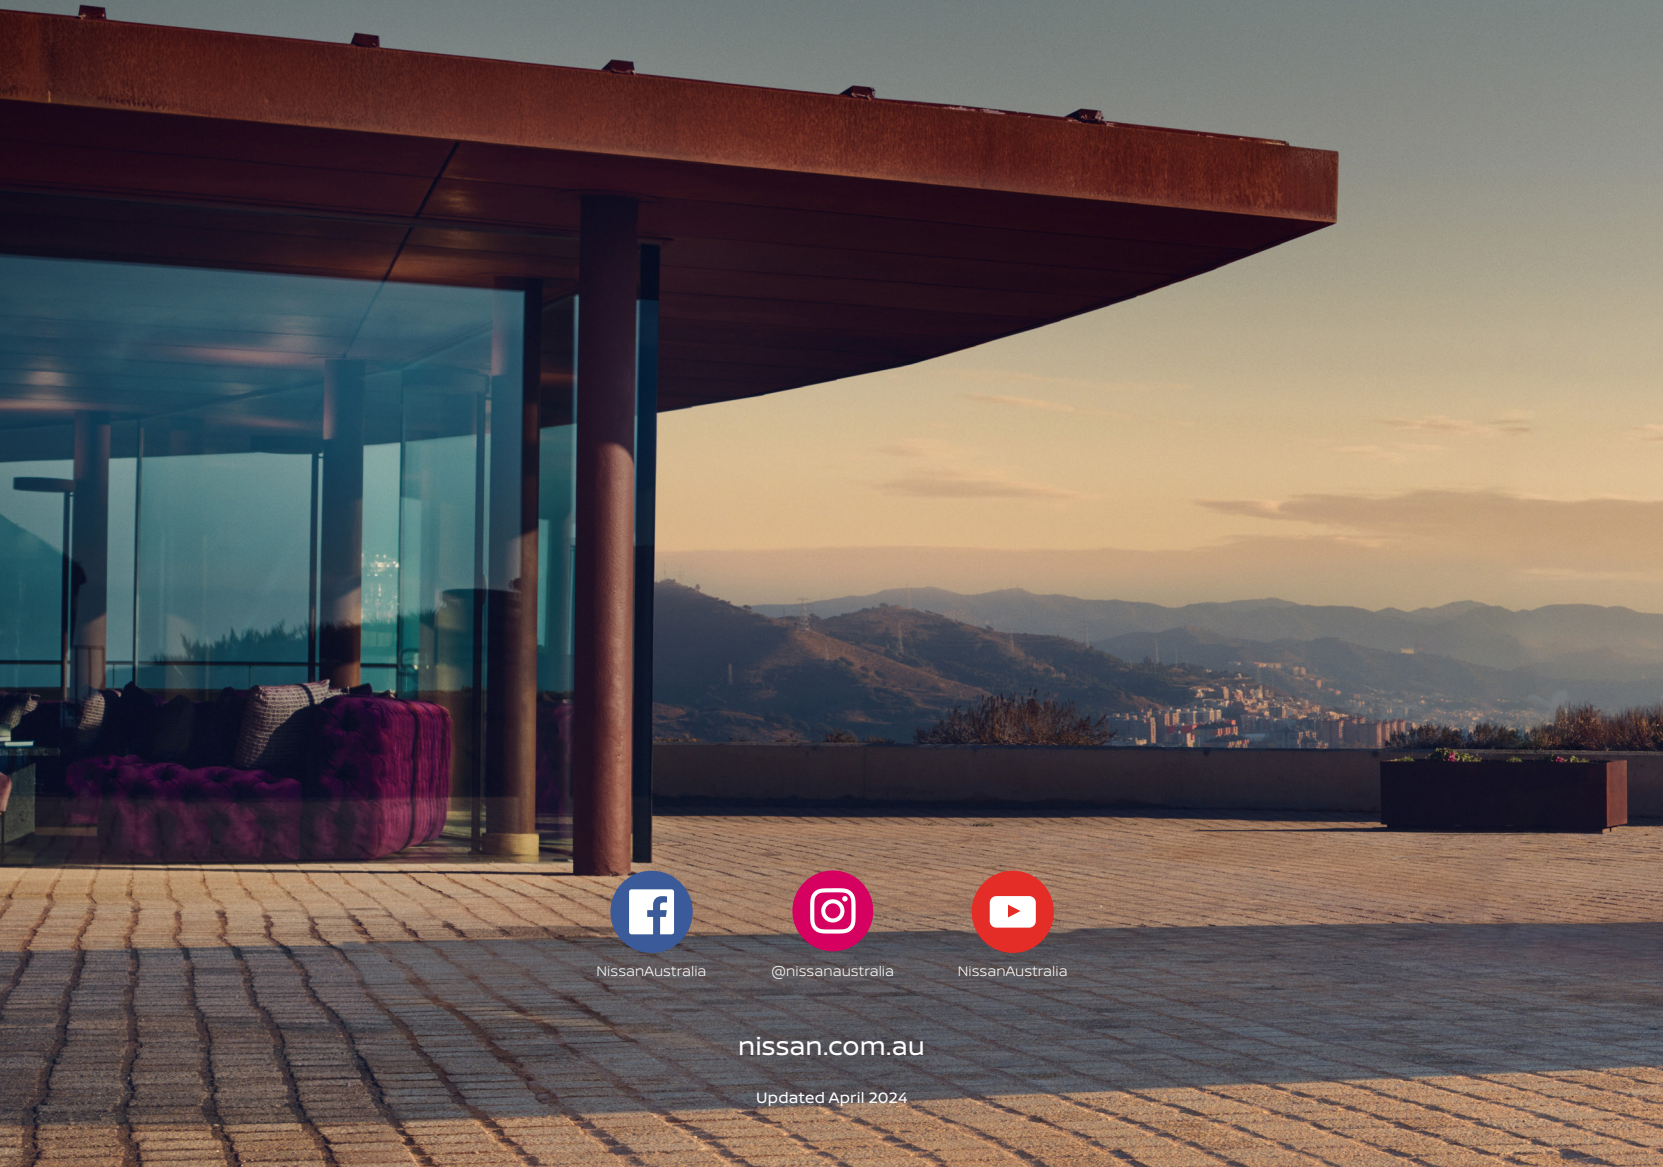

^{††} Conditions apply. See nissan.com.au/warranty for more details.

^{*} Terms and conditions apply, please visit nissan.com.au/roadsideassistance.

^M Ask your Nissan Dealer to explain exactly what items are covered in each Scheduled Service. Applies for up to 6 years/90,000kms (whichever occurs first). Some exclusions apply. Ask your Nissan Dealer or visit nissan.com.au/service to find out more and for full terms and conditions.

Nissan Intelligent Mobility guides everything we do. At Nissan, we use new technologies to transform cars from mere transportation. Together the journey is more confident, connected, and exciting. Whether it is cars that share the task of driving or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.
