Subject to any change in providers, whenever you request roadside vehicle assistance under your membership, you will be making that request to Assist Australia, who will provide the services on the terms and conditions set out below. Nissan may change the contractor providing roadside assistance, provided that the benefits to you, set out below, are maintained. These terms and conditions contain exclusions and limitations.

### NEW VEHICLE ROADSIDE ASSISTANCE PACKAGE

The New Vehicle Roadside Assistance membership package is for 1 year and unlimited kilometres from the date of commencement of your vehicle's New Vehicle Warranty, and applies to all Nissan vehicles retailed from 1 January 2025 that meet the 'Standard Eligibility Criteria' outlined below.

### SERVICE ACTIVATED ROADSIDE ASSISTANCE PACKAGE

Subject to your vehicle meeting the 'Activated Eligibility Criteria' outlined below, the Service Activated Roadside Assistance membership package is in addition to your New Vehicle Roadside Assistance package, and applies from the anniversary of your vehicle's New Vehicle Warranty start date ('Commencement Date') for 12 months unless terminated or extended as follows:

- provided your vehicle continues to meet the Activated Eligibility Criteria throughout, your Service Activated Roadside Assist package will extend for up to nine consecutive 12 month periods, each commencing on the anniversary of the Commencement Date;
- if your vehicle no longer meets the Activated Eligibility Criteria, the Service Activated Roadside Assistance package will terminate at the end of the 12 month period of coverage applicable when your vehicle last met the Activated Eligibility Criteria; and

- notwithstanding anything else contained in this document, the maximum Service Activated Roadside Assistance membership package available is 10 years from the date your vehicle's New Vehicle Warranty began or 300,000 kilometres (whichever occurs first).

### STANDARD ELIGIBILITY CRITERIA

In order to be eligible for roadside assistance, your vehicle must be a roadworthy well maintained vehicle. If your vehicle is not a roadworthy well maintained vehicle, we may still arrange a roadside service provider to service your callout but we will inform you of the cost that will be charged to provide you with assistance. This cost will be your responsibility.

### PLEASE STAY WITH YOUR VEHICLE

Once a roadside service provider has been called, it is important that you remain with your vehicle if it is safe to do so. Should we arrive at the scene of the breakdown and the vehicle is unattended, we will be unable to carry out any work and payment may be required for any subsequent callouts to assist with the same incident. If you require assistance and have to leave your vehicle for safety reasons, please advise the customer service assistant at the time of the initial call.

### TELE-ASSIST

Once our customer service assistant receives your call, if your vehicle is immobilised, we will provide an over the phone diagnosis (where possible) to get your vehicle mobilised.

## ROADSIDE ASSISTANCE

If our customer service assistant is unable to get your vehicle mobilised over the telephone, we will dispatch a service provider to assist in the following ways:

### •FLAT BATTERIES

If you find your vehicle immobilised with a battery problem, we will attend to your vehicle, test the battery for performance, jump start the flat battery or coordinate a battery replacement if required. Should the battery still be covered under the 12V battery warranty period (1 year from the start of the vehicle's New Vehicle Warranty with unlimited kilometres), the battery replacement will be at no cost to you. However, if the battery is outside the 12V battery warranty period and requires replacement, then the cost of the replacement battery will be charged to you. If the vehicle cannot be mobilised, vehicle will be towed to the nearest Authorised Servicing Dealer.

Nissan Electric Vehicles - If your vehicle is a Nissan Leaf Electric Vehicle and is immobilised with a battery problem, we will attend to your vehicle, test the 12V battery for performance, jump start the 12V flat battery or coordinate 12V battery replacement if required. Should the 12V battery still be covered under the Nissan 12V battery warranty period (1 year from the start of the vehicle's New Vehicle Warranty with unlimited kilometres), the 12V battery replacement will be at no cost to you. However, if the 12V battery is outside the warranty period and requires replacement, then the cost of the replacement battery will be charged to you.

For the main vehicle battery, we will charge the battery sufficiently to drive to the nearest electric vehicle recharge point. If the vehicle cannot be mobilised, vehicle will be towed to the nearest authorised Nissan electric vehicle servicing Dealer.

### •EMERGENCY FUEL

If your vehicle runs out of fuel, we will provide sufficient fuel at no cost to you for you to travel to the nearest fuel station. If you drive an LPG fueled vehicle, we will tow your vehicle to the nearest fuel station.

Where the incorrect type of fuel has been placed into the vehicle a tow to the nearest Authorised Servicing Dealer will be provided.

### •FLAT TYRES

If you find yourself with a flat tyre, we will change it with the vehicle's serviceable spare wheel. If your vehicle is not equipped with a spare wheel, we will transport the vehicle to an approved tyre outlet or the nearest Authorised Servicing Dealer. If repair is not possible (due to incompatible/unserviceable or unavailable/ unmaintained gel repair kit, inability to remove locking nuts or where multiple wheels require changing) towing maybe arranged at your cost.

### •LOST OR LOCKED KEYS

'Key' means any device required to unlock/operate a vehicle. i.e. Includes transponders, remotes etc.

If you lose your keys or lock them in your vehicle, we will provide all reasonable assistance (subject to proof of ownership shown) to:

- locate and deliver a spare key; or
- arrange for the driver to retrieve the spare key, if this is more practical; or
- gain access to your vehicle (once a consent and indemnity form has been signed by you).

In all other situations where the key is unavailable, we will arrange to transport the vehicle to the nearest Authorised Servicing Dealer, where the appropriate entry methods may be used. We will not be responsible for any damage incurred, or for any repair costs that result from gaining access to the vehicle or moving the vehicle while it is locked. A limit of \$150.00 (inc. GST) applies to this benefit. All additional costs are your responsibility. Replacement Keys are at your cost.

### •TOWING/TRANSPORTATION

If your vehicle cannot be mobilised at the breakdown location, we will tow your vehicle to the nearest Authorised Servicing Dealer to the breakdown location, or to your preferred Authorised Servicing Dealer provided that the breakdown location is within 50km of your preferred authorised repairer. If the breakdown has occurred after business hours, we will arrange for your vehicle to be stored at a secure facility and delivered to the nearest Authorised Servicing Dealer the next working day. Please note that any additional towing costs are your responsibility. In the event the vehicle has been fitted with a body that requires heavy haulage towing due to height, width or length, we will coordinate towing for the vehicle and all costs will be your responsibility. In the event of an incident with a caravan or trailer or any other form of trailer body being towed by a vehicle which has experienced a breakdown and requires towing, towing will be provided where possible. The cost of towing the caravan or any other form of trailer body will be your responsibility.

### •ACCIDENT COORDINATION

Following an accident, we will coordinate towing arrangements and will also provide advice on accident procedures. If required, we will coordinate alternative transport to enable you to continue your journey. All accident towing and alternative transport costs are your responsibility. (Note that these costs, subject to the payment of any excess, may be recoverable from your insurance company under an appropriate insurance policy)

Any amounts charged in excess of this limit will be at your cost. This benefit will stop once your vehicle has been repaired.
